Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>KRGC has always been following innovative ideas and making a stand on sustaining quality in the areas of curricular, co-curricular, extracurricular and administrative services. The institute conducts feedback sessions for various stakeholders including students, teachers, non-teaching staff, parents, alumni, employers, industrialists etc. on a regular basis. The feedback is obtained on important aspects of, the utility of courses, framing and updation of syllabus, quality of teaching-learning process, and various innovative practices used in support systems. IQAC collected feedback from the faculty (regular as well as guest faculty) on curriculum and related aspects. Routine parents-teacher meet is the source of taking feedback from parents. The feedback process for session 2016-17 was started in the month of March 2017 and feedback obtained online through Google form. This process applied for all the stakeholders separately. The link of Google form shared with all the stakeholders and approximately 2 months is given to fill the responses. The feedback analysis is also done through the Google services and response sheets generated in various graphs. The analysis of feedback is put up before a statutory body for approval and afterward communicated to the concerned officials and incharge of various committees. IQAC framed the strategy for the improvement if it is required and started to work on the gaps through its various committees. The open feedback is also encouraged by IQAC. The faculty and IQAC members frequently consider the input from students and other stakeholders. The management of the college responds appropriately to oral comments received from stakeholders.</p>

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The unfamiliar surroundings, culture shock, peer pressure, pressure to perform, physical changes, career choices, relationships, identity formation are just some examples of issues and challenges that confront the young undergraduates. It is fact that most of them find ways to cope with these issues but some of them truly struggle for support and this situation affects their academic performance. Though KRGC followed a practice of parents-teachers for a few decades, in 2016 It has started a mentoring system in this college. It is also a fact that the institute faced a big challenge to design a comprehensive program for all faculty and students paying special attention to those who are in need. The Counseling and Mentoring support system was introduced to cater to all the undergraduate and postgraduate students of KRGC. Mentoring system is a mainstreamed activity that covers every academic department and its faculty members are supposed to do work as Mentors (we can call them teacher guardian or TG) for giving academic and non-academic help to the students during non-schedule duration. Students are called mentees. Every student is assigned a mentor with whom she can discuss any issue of concern. The students have liberty to choose any faculty to interact with their issues and get it resolved. Mentors or TG regularly interact with the student and help them feel comfortable especially when they are fresh in the first year or in PG first semester. In this system the college communicated the name and contact number of the mentors to the parents, through students so that they can interact for any assistance and information desired. In addition there is a Counselor team also that can assist students if they are facing stress and are getting mentally disturbed. Mentees also make themselves visible through the Register of mentee (RoM). RoM helps in keeping the information intact and easily available as and when required. Mentees are in contact with the same mentor for 3 years, this makes them comfortable with the teacher and also helps the teacher in identifying specific problems related to the mentee. Parent Teacher meet is a regular practice adopted by the

academic interaction cell. An exhaustive feedback is taken during the parent teacher meet and analysed. Feedback is kept in the statutory body also. Salient Features of this system are : • Six monthly meetings • Approximately 60 students clubbed with each teacher guardian • Strong Feedback mechanism The overall performance of the student is analyzed by viewing the ROM or Academic Mentoring Data Register (We are planning to start maintaining data in the Academic Mentoring Data Card). There is reported through feedback responses better understanding and dynamics between the students and faculty. The pass percentage of mentees has gradually improved and it assured that mentees are become more confident and get encouraged.

The KRGK Student Council is formed as per the Department of Higher Education, Govt. of Madhya Pradesh. It runs with the objective of promoting participatory decision making, arranging extracurricular activities to bring out the hidden talent and motivating students to participate in these activities, which include the cultural and social development of the students. Generally Students council is an elected body having students from all fields, since 2006 indirect method of election as per Supreme Court's order on the implementation of the Lyngdoh Committee report are franchised in the state. According to Higher Education Department MP rules and regulations, open election was conducted in 2017 to elect through voting the class representatives and office bearers to form Student Union. It was a proactive council that endeavored in promoting educational values and decorum inside and outside the campus. Since 2017-18 again student elections in the state are on hold due to reasons best under the purview of department of Higher education Govt. of M.P. The Student Council has student leaders with various portfolios and works in coordination with the Staff-in-charge of the committees, like Board of Studies, IQAC, AF Committee, Annual Function, Hostel Committee, Sports Committee, NSS, NCC and Career Guidance Scheme Cell. In all, through the student representatives the leadership skills and initiative in students are nurtured proactively by motivating them in organizing all activities and functioning of the committees. All extracurricular activities like Singing Dance competition, Fashion show, Debate, etc. are organized as a part of the Youth Festival Competitions. The winners in these events compete in State and National level competitions. The NSS program in the college is efficiently conducted with three units and more than three hundred volunteers. The volunteers arrange activities round the year in which they participate, interact and grow. These activities include social awareness activities, environmental awareness activities and cultural activities. Students participate in a seven day camp and are further selected for state and national camps. The NCC is operated in the college with two units and more than three hundred cadets who participate in various activities of social and national concern. The NCC camps give opportunity to enhance skills among students. Swami Vivekanand Career Guidance Scheme Cell offers various programs for the overall development of the students which include skill development programs, career counselling, personal counsel, personality development, competitive edge building and entrepreneurial skills. The workshops are organized inviting experts from different spheres including current themes like digital marketing, photoshop, photography etc to suggest new avenues of career . It also generate competitive spirit in the students. The Earn While You Learn Scheme helps them to learn entrepreneurial skills. They arrange Melas like Sawan Mela, Diwali Haat to sell their handmade products like Rakhi, Bangles, Cards, clay divas, etc. It is a platform to enhance their skills of marketing their products. The career cell committee members give their valuable guidance to the students in their free hours. The students are encouraged to take civil services and other competitive examinations. 6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	Curriculum of UG Programs is provided by the department of Higher education Govt. of Madhya Pradesh, which is being developed by the Central Board of Studies. Curriculum for P.G. Courses is designed by the affiliating university Jiwaji University, Gwalior. As far as the curriculum for self finance subjects are concerned, some of them are being developed by the Central Board of Studies and some other by the board of studies of the university. Many faculty members of this college

are the Chairperson/members of various Central Board of Studies and board of studies of University. The template for the overall curriculum is prepared through consultative process among the various stakeholders initiated by the Academic Secretary and Academic Deans. Based on their inputs, the type of courses and the number of allied/optional courses are stipulated and contents are prepared by the respective departments. All curriculum of UG and PG programs placed before Board of Studies of related subjects by the departments. BOS is constituted as per prevailing norms of the Jiwaji University Gwalior and University Grants Commission - UGC that includes members from industry, representation from students and alumni. After getting recommendation from BOS the curriculum is approved by the Academic Council of the college. The provision of 20 deviation in above curriculum is permissible for Autonomous Colleges in the norms of the Department of Higher education Govt. of Madhya Pradesh and Jiwaji University, Gwalior. These norms are followed by the Board of Studies of this college. The curriculum is, thus, finally evolved after incorporating the suggestions from members of the Academic Council. Curriculum is implemented imbibing different methodologies. Curriculum for value added courses/short term courses is developed by the college. It is placed before related Board of Studies for recommendation and finally approved by the Academic Council of the college. The curriculum of value added courses is developed keeping in view the market orientation and local need of the parent subject. The Course Outcomes are outlined in alignment with the Programme Specific Outcomes which ensure the fulfillment of Programme Outcome. The status of autonomy helps the college to restructure the curriculum with due consideration of suggestions from stakeholders in order to make it relevant to contemporary times.

Teaching and Learning

All UG/PG programmes run in this college have the formal pedagogy of teaching and learning within the curriculum with stipulated marks and grades such as tests, assignments,

seminars, projects, field trips, industry visits, internship, lab work etc.. PG students submit their projects allotted by the departments within the curriculum. Ph.D. scholars of various research centers research on socially relevant areas for their thesis. Teaching and learning procedure in the college is a mixed blend of traditional, modern and ICT based methods. Depending upon the topic to be covered. Teachers notify their mode of teaching to students. Lesson plans are prepared by teachers and notified to students well in advance to make teaching more participative and student centric. Students are informed about flip classes well in advance. Different teaching methodologies like traditional teaching through board, ICT based teaching, experiential learning, project based teaching, lab work, workshops and seminars are used.

Examination and Evaluation

The Controller Examination - COE office, which is run in Examination Cell, has its exclusive management system to manage its various requirements in the process. All aspects of the system are systematically developed. Examination System starting from online registration, enrolment process, submission of online examination form, online entry of CCE as well as practical examination marks, to downloading results and verification. Different CCE modes are utilized for internal evaluation of different classes. Evaluation is done through different innovative methods like open book system, students has participation in the evaluation mechanism a cumulative judgment sheet is prepared and marks are communicated to the individual student. Semester and Annual Examinations are conducted in the shifts as decided by the COE. A team having senior professors is appointed to conduct these examinations. The examination protocol is as follows -
Centre Superintendent - Shift Superintendent - Asstt. Shift Superintendent. Assistant Superintendents are appointed one @ 300 students ratio. Permanent Invigilator and shift Invigilators are appointed one @ 25 students. There is a provision of flying squad which is separately

appointed for each shift. The mark statement of KRGC has 13 security features. The IQAC conducts quality audit through department evaluation at the end of each year for improving the academic quality. Students can peruse the valued answer scripts of the internal tests. There is a provision to apply for review or revaluation of answer scripts of the final examinations.

Research and Development

KRG College has recognized research centres in 16 subjects - Hindi, English, Sanskrit, Urdu, History, Sociology, Political Science, Economics, Philosophy, Music, Drawing Painting, Geography, Commerce, Home Science, Zoology, Chemistry. All research centers are recognised by Jiwaji University, Gwalior. 56 professors are research supervisors/guide in these 16 research centers. Apart from these teachers Dr. N.K. Nagaich, Professor, Psychology is also recognised guide with research centre at other college. These research centers promote research work on socially relevant issues and need of local society. College has a Research and Development Cell - RDC, which takes care of Research and development related activities. RDC motivates teachers to submit research proposals to different funding agencies. RDC publishes an Inter-disciplinary international Journal, Creative Discourse. Students are also promoted to opt for small research based projects to strengthen RD ecosystem of the college. College has Intellectual Property Right Committee - IPRC for maintaining ethics in research work conducting in the institute. Another committee for Industry Academia Collaboration - IACC works on requirements of local industries from this college. The college is going to establish Entrepreneurship Development Cell - EDC.

Library, ICT and Physical Infrastructure / Instrumentation

The high-quality library facilities are available in the Central Library of KRGC. It is automated through SOUL 2.0 software. This enabled the computerised transaction of books (Issue books). College has NLIST membership and teachers and students can use NLIST. College has e-library with 21

computers. E-library provides access to educational websites and e-content. The main feature of Central Library is its KIOSK, which helps teachers and students to search their required books. Central Library has partial open access and provides for reprographic facility. Library operating hours are from 10.30 am to 5.30 p.m. in the regular working days and from 8.00 a.m. to 7.00 p.m. in the examination days. 7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The KRG college has a mission of CLEAN CAMPUS-GREEN CAMPUS. The motive of this mission is to maintain the campus green, clean and eco-friendly. Students of various streams also take participation in the initiatives through environment-related activities like plantation. Upholding the National Mission for Green India, KRG College has undertaken noteworthy initiatives such as: Expansion of rainwater harvesting and reusing the purified water for gardening and maintenance of the sports field. Maintaining solar panels on campus to tap into the renewable energy and conserve energy through use of CFL, LEDs and T5 tube lights. Only two-wheeler parking facility for the students is allowed as a measure to check the emission of carbon dioxide. Four-wheeler parking is discouraged to prevent accumulation of pollution. Automobiles are strictly prohibited in the campus once in week. The college is practicing the use of e-notices on the college website, digital boards, and televisions. The Hazardous waste management in science laboratories is also applied.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE - I Title: EFFECTIVE TEACHING, LEARNING AND GOVERNANCE USING IT/ICT
OBJECTIVE OF THE PRACTICE: • To promote the Skill of learning and

improve learning resources by use of multimodal representation, multimedia and hypertext possibilities to have an unlimited access to authentic resources .To

support the process of learning to accelerate the teaching and learning efficiency, to motivate students and towards innovative learning to enrich the process of learning. Instruments related to computer and technology in the college is maintained by IT cell and department of computer science of our college. 3. The Context The classic methodology of teaching chalk-Talk-walk technique has certain limitations such as board management, neat diagrams and

hand writing skills In the modern context of ICTS are able to provide competency and performance based curriculum that make sound use of the affordances of these technologies. The usage of ICT is to complement the classical teaching techniques particularly in difficult subject Areas .Teachers need to be involved in the preparation of online teaching resources, multimedia presentation and developing online video lectures. Teachers generate meaningful learning experiences for the students. ICT is inevitable in modern era. In our college the concept of digital libraries where the student's teachers and professionals can access research and course material from around the globe instantly, it is possible due to ICT based digital resources Also sharing of knowledge is possible now due to networking of academics and students for sharing scholarly materials and innovative ideas. The digital documentation also avoids duplication of work and over comes plagiarism. The implementation of ICT in education develops higher order skills used to prepare the work force for the well informed, skillful society and enhance the global economy. •

ICT/IT implemented in the college in the following ways- 1. Our college have LAN and Wi-Fi facility. 2. College improve IT infrastructure by acquiring new software and advanced computer system. 3. Most of the department prepare study materials for students using e- resources 4. Student and teachers provided to prepare project work power point presentation in computer lab. 5. IT cell of the college conducted a training program in which the staff of the college participated AND acquired computer operation working knowledge of computer. 6. Every department has been provided with adequate no. of computer. 7. Multimedia projector, LCD screen with internet facility has been provided in the seminar hall that helps in teaching the classes where student enrolment is much higher. This facility is also utilized at the time of conduction of seminar/ workshop. 8. Smart class rooms have been established which are used for 4. The Practice Information communications technology (ICT) enabled teaching methodologies are being followed by the faculty members in class room as a complementary tool for conventional teaching methods. • The academic plan with budget, notes of lesson

lab manuals and question banks with key are made available at the very beginning of semester digitally with the help of LMS. • The use of multimedia teaching aids like LCD Projectors, smart classrooms and internet enabled computer system are usually employed in Department and classroom. • The electronic resource packages like E-Library, National Digital library, 8600 E-BOOKS , 34000 journals, E-thesis, N-List and DELNET are made available to faculty members to effectively utilize to demonstrate the concepts to the students using OPAC - kiosk for library to enhance the learning experience. •

Every year all the department conduct seminars, Workshop, Guest lecture on the new development in the core subjects for effective teaching learning by the faculty and students. • Seminar hall is equipped with multimedia facilities, invited talks, webinars, important meetings and training program of higher education department and of college are conducted in seminar hall using ICT

Facilities. Our college provide certain online facilities for managing information system are as follows.: • Online fees submission and Online scholarship. Examination results are made available to student online as well as offline also. • Student record are also maintained and there KYS and student E-mail ID are made for making records of them. • Examination results are made

available to student online as well as offline also. • Social media, website, Bulk SMS and E-mail are used for providing notice to students and faculty. Facilities use blogs making for knowledge sharing among students. Acquiring software to manage college record. • Through the use of CCTV cameras, transparency in working has been achieved. • Biometric machines have been installed. • Question bank, time table, advertisements notices are uploaded in website • Students also submit their queries, assignments projects reports, seek guidance from their mentors/ Guide through their mail ids. • All departments have developed their e-mail ids which are used for sharing notices information and other official documents. Digitalization of the student and office record. Digital ID card with bio- data of the employee are provided. And Provision of digital attendance for students. • Provided computer awareness and literacy for student, faculty, and class III and IV employee. 5. Evidence of Success • Besides learning main subjects, students have become computer friendly. • By using IT/ ICT college has been able to meet the challenges during COVID- 19 period us take online classes, provided onlinestudy material, E-book, E-Journals, Video lectures, and re- medial classes for students. • Online admission process helped to increase GER • Use of paper has been minimized. • Administrative staff showing better and enhanced performance. • Work load has been reduced. • The use of multimedia teaching aids are employed in classrooms. • Transparency of work has been enhanced. • Our college has become digital Champion. 6. Problems Encountered and Resources Required Some OBSTACLES against the smooth functioning of this practices. ARE AS FOLLOWS : • Non- availability of smart phones and smart gadgets among rural students who are in large numbers in our institution. • LACK of smart board with proper acoustics. • LACK of IT awareness in teaching non-teaching staff. • Lack of finance. • Lack of institutional ICT policy. The following STRATEGY has been adopted by college to overcome the obstacles: • The college has frame a ICT policy to facilitate students and staff. • We Provided computer technology knowledge among students of rural areas to help them to Accesses to computer And technology better. • We cannot able to develop ICT/IT in 3rd cycle but later in 4th cycle we implemented ICT /IT. BEST PRACTICE - II Title: ENVIRONMENTAL SUSTAINABILITY AND GREEN INITIATIVE IN COLLEGE PREMISES Objectives of the practice:- To promote greenery and sustainability in the campus , where environmental friendly practices and education continue to promote sustainable and eco friendly practices in the campus . From community services opportunities to campus recycling programs and practices in plenty of ways to promote sustainability oncampus. To get students thinking green, our college administration hold various campus sustainability practices from campus recycling project implementation ideas to make our campus green, clean, ecofriendly and sustainable. As we all know that the nature is tremendously changing due to rapid industrialization and globalization . We are constantly making disturbance in the nature by caring out constructive and other development activities in order to combat this disturbance and to maintain balance in the nature. Water is essential for life and plays a major role in earth's climate by modifying land use . The proportion of different pathway like evaporation, percolation and run-off water change. As the world face an increasingly critical need to address climate change .The impact that water conservation has on a sustainable environment is undeniable due to population boom and excessive need of water and modern life style water scanty is felt to be inevitable .Our college not only take important initiative toward water conservation and environmental friendly campus but also toward the ecofriendly method for converting organic waster to nutrient rich fertilizers . As artificial fertilizers are harmful and lead to water , soil and air pollution . The plant absorb fertilizers through soil and can enter food chain , this can cause serious health issues .Our college use garden waste , hostel waste and smart canteen waste to produce manure through vermin composting on small scale to promote Organic farming. • And to recycle waste form campus we installed

grey water recycling system to produce fresh water supply and reduces pollutants from environment .we use water more efficiently in the college . ?

The following ways are adopted to promote environmental sustainability in college premises: 1. College ensure more plantation of different fruits and other use full plants and trees . 2. By setting up recycling station around campus 3. Solar panel installation in campus 4. Rain water harvesting and bio toilets system in college . 5. Use of solar LED and fertilizers from vermicompost 6. Grey water recycling system installed in campus. • And many initiatives are taken by college for energy conservation , carbon neutrality to develop environment consciousness. 3. The Context The more the trees the cleaner the air will be . This is due to oxygen level • Provided by trees that help

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Title: KRGCM Multidimensional Learning to Students from Marginalised Section : KRGCM is a special initiative focused on students from deprived section that aims to develop professionals who are knowledgeable and socially responsible. The student strength of the college is approximately 12519, of which more than 60 students come from low and backward Socio-Economic backgrounds and are first generation learners. Students belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, Minorities, Economically Weaker Sections, and Physically Handicapped are representing such marginalized sections, to which every facility of the institution is provided by this college to provide higher education. All the above categories are given priority to get admission in the college and seats are reserved for them as per the norms of the government of Madhya Pradesh. As a result, students from different sections of the different regions become successful in taking admission in this institute. Many highly qualified and skilled professors are employed with the various streams in this institution. There are 151 teachers working at the college, and 124 of them have PhDs. 30 percent of these teachers are belong to reserved categories. Through these good teachers, students of the faculties of Arts, Commerce, Science, Computer, Law, Management, Home Science etc. are being imparted education by adopting the best teaching methods in the college. Hence the college students examination outcomes are consequently improved. The institute is unique in the sense that Hindi, English, Sanskrit, Urdu and Marathi languages are taught in it for underprivileged students. For this, a separate language study center has been established in the institute. Out of these departments, research centers have been set up in Hindi, English, Urdu and Sanskrit departments and short term courses are also organized in them so that the students of disadvantaged sections can get the benefit of language study in a convenient way.

Many programs are organized by the department for the promotion of their respective languages through the students and students get an opportunity to make their future bright as a result of this facility.
